

## TABLE OF CONTENTS

	Page
<b>Acknowledgements</b> .....	iii
<b>Abstract in English</b> .....	v
<b>Abstract in Thai</b> .....	vii
<b>List of Tables</b> .....	xiv
<b>List of Figures</b> .....	xvi
<b>List of Plates</b> .....	xvii
<b>List of Abbreviations</b> .....	xviii
<b>CHAPTER I: INTRODUCTION</b> .....	1
1.1 Background.....	1
1.2 Overview of world litchi production.....	2
1.2.1 History and original provenance of the litchi tree.....	3
1.2.2 Situation of world litchi production.....	4
1.2.3 Litchi production in Vietnam.....	6
1.2.3.1 Litchi area and production.....	6
1.3 Statement of the problem.....	7
1.4 Objectives of the study.....	8
<b>CHAPTER II: LITERATURE REVIEW</b> .....	9
2.1 Local knowledge in insect pest management.....	9
2.2 Insect pests in litchi orchards.....	10
2.3 The strategies for managing insect pests in litchi orchards.....	11
2.4 Management options.....	16
2.4.1 Cultural method.....	16
2.4.1.1 Pruning and sanitation.....	17
2.4.1.2 Cultivation.....	17
2.4.1.3 Variation in time of harvest.....	18

2.4.1.4 Intercropping and rotation.....	18
2.4.1.5 Mulches and cover crops.....	19
2.4.2 Mechanical/physical method.....	19
2.4.2.1 Hand removal.....	20
2.4.2.2 Trapping.....	20
2.4.3 Biological method.....	20
2.4.3.1 Beneficial insects and mites.....	21
2.4.4 Chemical method.....	23
2.4.4.1 Pyrethrins and organic pesticides.....	23
2.5 Damage and development of the insect pests.....	25
<b>CHAPTER III: RESEARCH METHODS.....</b>	<b>28</b>
3.1 Conceptual framework.....	28
3.2 Scope of the study.....	28
3.3 Site selection.....	29
3.4 Data collection and analysis.....	30
3.4.1 Primary data.....	31
3.4.2 Secondary data.....	33
3.4.3 Data analysis.....	33
<b>CHAPTER IV: AGRO-ECOSYSTEM OF THE STUDY AREA.....</b>	<b>35</b>
4.1 General characteristics.....	35
4.1.1 History of development.....	35
4.1.2 Geographical condition.....	36
4.1.3 Climatic condition.....	37
4.1.4 Population and religion group.....	37
4.2 Natural resources.....	38
4.2.1 Land resources.....	39
4.2.2 Water resources.....	40
4.2.3 Human resource.....	41
4.3 Socio-economic situation.....	41
4.3.1 Economic structure and growth.....	41
4.3.2 Agricultural production.....	42

4.3.3 Industry and others.....	43
4.4 Characteristics of the surveyed households.....	43
4.4.1 Family size.....	43
4.4.2 Litchi production experience.....	44
4.4.3 Education.....	45
4.4.4 Agricultural land allocation.....	45
4.4.5 Structure of household income.....	48
<b>CHAPTER V: CULTIVATION PRACTICES.....</b>	<b>50</b>
5.1 Situation of fruit tree and litchi production.....	50
5.1.1 Situation of fruit tree production.....	50
5.1.2 Situation of litchi production.....	51
5.1.2.1 Litchi production in whole province.....	51
5.1.2.2 Litchi production among the districts.....	52
5.1.2.3 Litchi production in Thanhha and Chilinh districts.....	54
5.1.2.4 Litchi cultivars in Vietnam and in the studied areas.....	55
5.2 Characteristics of litchi orchards in the surveyed households.....	58
5.2.1 Litchi-based cropping systems.....	58
5.2.2 Farm size.....	59
5.2.3 Tree age and tree density.....	61
5.2.4 Growth of the litchi tree.....	64
5.2.5 Productivity of the litchi farms.....	66
5.3 Practices in litchi orchard management.....	67
5.3.1 Labor utilization.....	67
5.3.1.1 Ground management.....	68
5.3.1.2 Fertilizing.....	69
5.3.1.3 Watering.....	70
5.3.1.4 Harvesting.....	71
5.3.1.5 Insect pest management.....	72
5.3.2 Fertilizers.....	74
<b>CHAPTER VI: PRACTICES IN INSECT PEST MANAGEMENT.....</b>	<b>77</b>
6.1 Litchi insect pests.....	77

6.1.1	Composition of litchi insect pests.....	77
6.1.2	Occurrence frequency.....	79
6.1.3	The most important insect pests.....	81
6.1.4	Description of some major insect pests.....	82
6.1.5	Fluctuation of insect pests.....	85
6.2	Practices in insect pest management.....	88
6.2.1	Methods applied.....	88
6.2.2	Practices applied.....	89
6.2.3	Insecticide practice.....	90
6.2.3.1	Insecticides applied.....	90
6.2.3.2	Safety of the insecticide.....	91
6.2.3.3	Insecticide's impacts on insect pests.....	92
6.2.3.4	Spectrum of the insecticides.....	93
6.2.3.5	Application frequency.....	94
6.2.3.6	Application rate.....	96
6.2.3.7	Insecticide effectiveness.....	97
6.2.3.8	Yield loss.....	98
6.2.4	Pruning practice.....	100
6.2.5	Removal practice.....	102
6.2.5.1	Practices for the litchi stinkbug.....	103
6.2.5.1.1	Capture by urine application.....	103
6.2.5.1.2	Capture of the hibernant litchi stinkbugs.....	104
6.2.5.2	Practice for the looper.....	104
6.2.5.2.1	Application of the soil trap.....	104
<b>CHAPTER VII: STRATEGIES IN INSECT PEST MANAGEMENT.....</b>		<b>106</b>
7.1	Classification of the strategies.....	106
7.2	Effectiveness of strategy.....	107
7.2.1	Inputs used for managing insect pests in the strategies.....	108
7.2.1.1	Costs of labor applied in insect pest management.....	108
7.2.2	Total income and efficiency of the strategies.....	110
7.3	Effective strategy in insect pest management.....	111

7.3.1 Weight of each strategy.....	111
7.3.2 IPR – an effective strategy.....	112
<b>CHAPTER VIII: CONCLUSION AND RECOMMENDATION.....</b>	<b>118</b>
8.1 Conclusion.....	118
8.2 Recommendation.....	121
<b>References.....</b>	<b>123</b>
<b>Appendices.....</b>	<b>131</b>
<b>Curriculum vitae.....</b>	<b>133</b>

## LIST OF TABLES

<b>Table</b>	<b>Page</b>
1.1 Litchi area and production of some major countries in the world, 1999.....	5
1.2 Litchi area and production in Vietnam, 2001.....	7
2.1 Efficacy of the insecticides against over-wintered litchi stinkbug adults.....	14
2.2 Proportion of parasitized litchi stinkbug egg in Hanoi region.....	22
4.1 Characteristics of the surveyed areas.....	36
4.2 Distribution of population in Haiduong province, 2002.....	38
4.3 Land use in Haiduong province, 2002.....	39
4.4 Economic structure of Haiduong province, 2002.....	42
4.5 Farm household's characteristics in the two systems.....	44
4.6 Agricultural land allocation in the surveyed farms.....	46
4.7 Transformation of rice land into litchi land in Thanhha district.....	47
4.8 Source of the household income in surveyed farms.....	48
5.1 Fruit production area in Haiduong province, 2001.....	51
5.2 Litchi planted area, output and yield in Haiduong province over years.....	52
5.3 Litchi production in various districts of Haiduong province, 2001.....	53
5.4 Litchi planted area and gross output in Thanhha and Chiling districts.....	54
5.5 List of litchi cultivars cultivated in Vietnam.....	56
5.6 Litchi cultivars in the studied areas.....	57
5.7 Litchi-based cropping systems in the studied areas.....	58
5.8 Distribution of litchi farm size.....	60
5.9 Age and density of litchi trees per household in the two districts.....	61
5.10 Height and canopy width of 10-year litchi trees in the two districts.....	65
5.11 Litchi fruit gross output and productivity in the two districts, 2002.....	66
5.12 Labor use for taking care of litchi orchard in the two districts.....	68
5.13 Labor use for managing insect pests in the two districts.....	73
5.14 Chemical fertilizer application to litchi orchards in the two districts.....	74
6.1 List of litchi insect pests in the surveyed farms.....	78

6.2	Monthly occurrence frequency of litchi insect pests.....	80
6.3	Insect pests associated with litchi orchard in the two districts.....	81
6.4	Description of some major insect pests.....	83
6.5	Damaging symptom of the major insect pests.....	85
6.6	Distribution of households used different control methods.....	89
6.7	Practices applied in insect pest management in both districts.....	90
6.8	Applied insecticides and their characteristics.....	91
6.9	Spectrum of applied insecticides.....	93
6.10	Frequency of insecticide application in the two districts.....	94
6.11	Application rate of the insecticides in the two districts.....	96
6.12	Effectiveness of control methods estimated in the two districts.....	98
6.13	Farmers estimation of the yield loss if uncontrolled in the two systems.....	99
7.1	Distribution of the growers in the strategies.....	107
7.2	Distribution of the labor costs in managing the insect pests.....	108
7.3	Total cost of insecticides and labor for managing insect pests.....	109
7.4	Benefit – cost for insect pest management ratio in the strategies.....	110
7.5	Weight of each strategy in both districts.....	111
8.1	Main characteristics of two litchi production systems.....	119

## LIST OF FIGURES

<b>Figure</b>	<b>Page</b>
1.1 Origin and distribution of litchis.....	3
1.2 Worldwide litchi production areas.....	4
2.1 Composition of Integrated Pest Management.....	15
3.1 Conceptual framework of the study.....	29
3.2 Map of the two studied districts, Haiduong province, Vietnam.....	30
5.1 Distribution of the group of tree age and number of farm in the two systems.....	62
5.2 Distribution of tree density and number of farm in the two systems.....	63
6.1 Fluctuation of top three insect pests in the survey areas.....	86
6.2 Life cycle of the looper and the application technique of soil trap.....	105
7.1 Periods of the litchi tree for applying the IPR.....	115

### LIST OF PLATES

<b>Plate</b>	<b>Page</b>
6.1 Litchi stinkbug – larva.....	84
6.2 Litchi stinkbug – egg.....	84
6.3 Litchi stinkbug – adult.....	84
6.4 Looper – larva.....	84
6.5 Looper – pupae.....	84
6.6 Looper – moth.....	84
6.7 Litchi fruit borer – larva.....	85
6.8 Litchi fruit borer – moth.....	85

### LIST OF ABBREVIATIONS

B	= Benefit
BCR	= Benefit-cost ratio
C	= Cost
C.linh	= Chiling
ha	= Hectare
IC	= Insecticide Cost
IO	= Insecticide Only
IP	= Insecticide and Pruning
IPM	= Integrated Pest Management
IPR	= Insecticide, Pruning and Removal
IR	= Insecticide and Removal
ME	= Mutual Effects among the methods
LC	= Labor Cost
n.a	= Not available
PF	= Farmer's Preference
ppm	= Parts per million
RCG	= Reproductive Cycle of Growth phase
SOS	= Sustainability Of Strategy
T.ha	= Thanhha
VCG	= Vegetative Cycle of Growth phase
VND	= Vietnam Dong (Vietnam's currency unit)

**Equivalent:**

1 USD = 15,000 VND in 2002
