## ACKNOWLEDGEMENT

I wish to express my deepest and grateful thanks to my advisor, Dr. Suchada Vearasilp for her helpful guidance, suggestion and encouragement throughout the course of this work.

My sincere thanks are also expressed to Dr. Sa-nguansak Thanapornpoonpong my thesis co-advisor and Assoc. Prof. Dr. Nit Sakunnarak my thesis committee member, for the valuable comment and ideas on completing this dissertation.

I would like to extent my sincere thanks to the Post-harvest Institute, Chiang Mai University for the financial support and scientific instruments supplication.

I would like to thank all staff members of the Department of Agronomy, Faculty of Agriculture, Chiang Mai University, Mr. Adul Jaiinphon and my colleagues in the section of Seed Science and Technology, Chiang Mai University for their help and friendship.

Finally, I do give my grateful thank to my family for their love and encouragement which strengthened me to thoroughly overcome all difficulties.

Nattawut Niyomkam
