## ACKNOWLEDGEMENT

This thesis could not have been completed without the help of this people.

I am extremely grateful to Dr. Jatuporn Wongsathikun as my thesis advisor, who provides me with supports and recommendations through my study duration. Also, great thankful to Asst. Prof. Natapong Kosachunhanun, M.D. for his assistance and guidance while recruiting subjects.

I would like to express my appreciation to Dr. Samatchai Chamnongkich and Asst. Prof. Dr. Rungchai Chaunchaiyakul for their useful comments.

Without the helps from all of the OPD 21 staffs, this study could not be done. I do appreciate for their kindness and support. Finally, I would like to express my thanks to all of the participants for their generosity and willingness to make this study comes true.
