Acknowledgements

I would like to express my profound to all people who involved with my study by providing their invaluable guidance, help and sharing their knowledge and experience during my studying in Agricultural Systems at Chiang Mai University.

My greatest sincere appreciation and profound gratitude are expended to Assoc. Direct. Mr. Phrek Gypmantasiri my thesis advisor and Assist. Prof. Dr. Attachai Jintrawet my academic advisor and committee member, for their invaluable guidance, constructive suggestions and constant encouragement throughout my study. Their strong support enthusiasm provided me with the great self-confidence and motivation needed to finish my study. This study could not finish without their supervision and invigoration. I also would like to express my thanks to committee member: Assoc. Prof. Dr. Tavatchai Radanachaless, for his guide, suggestion and constructive comments during my study. All of their constructive instruction made a great contribution of this tough research project.

In addition, I would like to express my thanks to Assoc. Prof. Dr. Aree Wiboonpongse, who spent time giving advice and comments relevant to analytical of this thesis.

It is the grade pleasure with my heart to thank to all lecturers from Multiple Cropping Center, Faculty of Agriculture, Chiang Mai University for their upgrading on my learning and knowledge. The acknowledgement also goes to the staff of Agriculture System Program whose has facilitated and helping during the study, especially Miss. Worluck Suteerawantana.

Special thanks are extended to Mr. Tayan Raj Gurung, who giving advice and comments relevant to analytical methods of this thesis and to all other the AGS students for sharing ideas, good cooperation and friendly environment. Special recognition goes to Mr. Aung Moe Myo Tint, Miss. Maleerat Nimnuan, Miss. Deurn Ram Borngern, Mr. Le Trung Nhan, and Mr. Thongsamout Phoummasone.

It is of my great pleasure as well to sincerely thank Mr. Kong Socheat, project Manager for CWS organization in Kampong Thom province, and all CWS Kampong Thoms' staffs, especially goes to Mr. Em Channarith and Mr. Nourn Samnang, staffs of CWS in Kampong Thom for their kind logistic supports and facilitation which contributed significantly to the fulfillment of my field survey.

I would like to express my thanks to the following colleagues who share their thoughts and information during my field research in Cambodia. These people are: Mr. Prom Tola, lecturer of the National Agriculture School, Mr. Ly Sothy and Mr. Deab Piset, students of the Royal University of Agriculture. In addition, I would like to thank farmers in Salavisay commune, who spent their busy time giving me information during my lengthy interviews. Their honesty and generosity can never be adequately compensated.

My graduate study could not be possible without financial support from Department of Technical and Economic Cooperation (DTEC) of Thai Government. My profound thanks are extended to the government and the Thai people for their generous contribution.

Finally, my greatest appreciation goes to my father (Pech Chea), my mother (Nget Vouch) and my sisters for their love, inspiration, and support.
