Abstract in English	v
Abstract in Thai	viii
List of Tables	xiv
List of Figures	xvi
List of Abbreviations and acronyms	vii
CHAPTER I: INTRODUCTION	1
1.1 Background	1
1.2 Rationale	2
1.3 Objectives	3
CHAPTER II: LITERATURE REVIEW	4
2.1 General features of farming systems in Cambodia	4
2.2 Aspects of the evolution of farming systems	6
2.3 Improvement of farming systems	8
2.3.1 Increase efficiency	8
2.3.2 Integrated farming systems	18
CHAPTER III: MATERIALS AND METHODS	24
3.1 Site selection	24
3.2 Selection of farmer-respondents	24
3.3 Survey design	25
3.3.1 Primary data collection	26
3.3.2 Secondary data collection	27
3.4 Household survey data analysis	27

CHAPTER IV: AGROECOLOGICAL AND SOCIOECONOMIC FEATURES		
OF STUDY AREA		30
4.1	Agroecological features	30
4.1.1	Climatic conditions	30
4.1.2	Water availability	31
4.2	Socioeconomic environment	31
4.2.1	Education level	33
4.2.2	Household members in family	33
4.2.3	Family labor supplies and uses	34
4.2.4	Land ownership and farm size	35
4.2.5	Gender in farming practices	37
4.3	Concept and activities of Church World Service (CWS) in Kampong Thom province	38
4.4	Salavisay study area	39
4.4.1	Rice production	39
4.4.2	Vegetable productions	42
4.4.3	Fruit plantations	44
4.4.4	Livestock production systems	44
4.4.5	Fish production	46
CHAPTER V: FARMING SYSTEMS ANALYSIS		49
5.1	Characteristic features of integrated farming systems in study area	49
5.2	Productivity evaluation	52
5.2.1	Productivity of rice	52
5.2.2	Productivity of vegetables	53
5.3	Economic benefits for households in each farm type	54
5.3.1	Gross margin analysis of wet season rice production	55
5.3.2	Gross margin analysis of vegetable productions	56
5.3.3	Gross margin analysis of poultry production	57
5.3.4	Gross margin analysis of duck productions	58
5.3.5	Gross margin analysis of pig productions	59
5.3.6	Gross margin analysis of fish production	59

5.4	Time-dispersion of incomes of farming households	60
5.4.1	Time-dispersion of incomes for every enterprise of each farm type	60
5.4.2	Whole farm related time-dispersion values of income of each farm type	61
5.5	Income stability	62
5.5.1	Income stability from each enterprise of each farm type	62
5.5.2	Whole farm income stability of each farm type	63
5.6	Diversity evaluation	65
5.6.1	Species and activity diversity of each farm type	65
5.6.2	Income diversity of each farm type	65
5.7	Sustainability evaluation	66
CHAPTER VI: FOOD SECURITY ANALYSIS		70
6.1	Household rice production in each farm type	70
6.1.1	Rice yield differences	71
6.1.2	Farm performance of rice production.....	72
6.2	Whole farm income analysis of each farm type	73
6.3	Food security of households in each farm type	74
6.3.1	Present food security analysis	74
6.3.2	Future food security analysis	76
CHAPTER VII: CONCLUSIONS AND RECOMMENDATIONS		78
7.1	Conclusions	78
7.2	Recommendations	79
REFERENCES		81
APPENDIX		87
CURRICULUM VITAE		112

List of Tables

Table	Page
1. Farming systems in Cambodia	5
2. Sustainability indicators of agriculture at household and village levels	14
3. Farm practices used in the index	16
4. Input, output and functional indicators	17
5. Distribution of sample size	25
6. Education of respondents	33
7. Number of household members in family of each farm type	34
8. Family labor (Man-day) distributions by each farm type	35
9. Average area (ha HH ⁻¹) of land holding size in each farm type	36
10. Land holding size (ha HH ⁻¹) of households in each farm type	37
11. Household heads by group of farmers in each farm type	38
12. Types of vegetables grew in each farm type (2001)	43
13. Types of fruit crops grew in each farm type (2001)	44
14. The average livestock production (heads HH ⁻¹) of each farm type	48
15. Characteristics of four types of integrated farming systems in study area ..	50
16. Percentage of households involved in each enterprise	52
17. Productivity of rice production (ha ⁻¹) of each farm type	53
18. Productivity of vegetable productions (per 1,000 m ²) of each farm type	54
19. Gross margin (US\$ HH ⁻¹) of rice of each farm type	56
20. Gross margin (US\$ HH ⁻¹) of vegetables of each farm type	57
21. Gross margin (US\$ HH ⁻¹) of chicken of each farm type	58
22. Gross margin (US\$ HH ⁻¹) of ducks of each farm type	58
23. Gross margin (US\$ HH ⁻¹) of pigs of each farm type	59
24. Gross margin (US\$ HH ⁻¹) of natural fish of each farm type	60
25. Relative time concentration and relative time dispersion of each farm type	61
26. Time-dispersion of each farm type	62

27.	Relative average monthly income (US\$ HH ⁻¹) from each enterprise of each farm type	62
28.	Simpson's diversity index and income diversity ratio (R) of each farm type	66
29.	Scoring practices with respect to sustainability for farms of IFS-I and IFS-II	68
30.	Scoring practices with respect to sustainability for farms of IFS-III and IFS-IV	69
31.	Average rice production (HH ⁻¹) of households in each farm type	71
32.	Rice yield (kg ha ⁻¹) differences for each farm type, in year 2001	72
33.	Average on-farm and off-farm incomes (US\$ HH ⁻¹) for households in each farm type	74
34.	Average production consumption (HH ⁻¹) of rice for households in IFS-I and IFS-II	75
35.	Average production consumption (HH ⁻¹) of rice for households in IFS-III and IFS-IV	75

List of Figures

Figure	Page
1. Schematic representation of farming systems	7
2. Interactions between fish in the rice paddy system	21
3. Diagram of data collection method	26
4. Six-year monthly average rainfalls in Kampong Thom province (1996 to 2001)	31
5. Total annual monthly income of households in each farm type	64
6. Farm performance indicators of rice production	73
7. Total food demand in present and future of households in each farm type ...	77

List of Abbreviations and Acronyms

BPH	:	Brown Plant Hopper
CV	:	Coefficient of Variation
CWS	:	Church World Service
DI	:	Diversity Index
DAP	:	Di-ammonium phosphate
FAO	:	Food and Agriculture Organization
FSD	:	Farming System Development
IFS	:	Integrated Farming System
FSR	:	Farming System Research
GDP	:	Gross Domestic Product
GM	:	Gross Margin
GR	:	Gross Return
HEIA	:	High-External-Input Agriculture
HH	:	Household(s)
IPM	:	Integrated Pest Management
LEIA	:	Low- External-Input Agriculture
MAFF	:	Ministry of Agriculture, Forestry and Fisheries
NGO	:	Non-Government Organization
RLR	:	Rainfed Lowland Rice
RTC	:	Related time-concentration
RTD	:	Relative time-dispersion
SD	:	Standard Deviation
SHG	:	Self Help Groups
SPSS	:	Statistical Package for Social Science
TVC	:	Total Variable Cost
WCA	:	Working Capital Assistance
