ACKNOWLEDGEMENTS

This thesis would not be completed without the kindness of the chairman committee, Associate Professor Dr. Suraphol Sreshthaputra including all committees, Associate Professor Dr. Wallatat Intaruccomporn, Associate Professor Dr. Avorn Opatpatanakit, Associate Professor Dr. Ruth Sirisunyaluck and Professor Dr. Rob Terry who gave valuable comment and point out my thesis to the right direction.

Many thanks to The Regional Bureau of Animal Health and Sanitary 5 in which gave me material dairy information; they kindly gave their support and collaboration in SWOT Analysis activity.

Also appreciate to thank all lecturers in Department of Agricultural Economics and Agricultural Extension. They are my source of knowledge. Unforgettably, I wish to thank all staffs at Department of Agricultural Economics and Agricultural Extension, Chiang Mai University for their grateful corporation and kind assistance rendered to me.

Warmest thank for information supporting from dairy cooperative's officers and dairy farmers in upper northern Thailand - all of those helped me. Without them, I could not have completed this thesis.

I would like to acknowledge to my friends especially to a wonderful group of doctoral degree students of Agricultural Extension and Rural Development Program for inspiration and contribution they give me.

Finally, I would love to express my special thank to my family who educate, inspire, contribute and treat whole thing to my life. For those names not listed here, I would love to say thank you for pulling me to my goal.
