Acknowledgements

I would like to express my sincere gratitude for the help, support and co-operation of all teachers and staffs of Agricultural System Program of Chiang Mai University and National Institute for Soil and Fertilizers (NISF), Hanoi, Vietnam for assisting in the process and completion of this study.

My profound gratitude and respect to Ajan. Phrek Gypmantasiri, my academic and thesis advisor, whose generous support, advise, recommendations have guided me throughout my graduate program to final completion of this research. I am also sincerely indebted to Asist. Prof. Dr. Skada Jongkaewwattana, Lecturer, Laxmi Worachai, and Dr. Minh Ha Hoang Fagerstrom, committee members for their helps, valuable and encouragement.

It is also with my deepest thanks to Dr. Ruben Puentes regional representative Rockefeller Foundation for granting scholarship for my study in MCC, Dr. Bui Huy Hien, Dr. Tran Thuc Son, Dr. Tran Duc Toan, Dr. Tran Thi Tam and Dr. Nguyen Cong Vinh in National Institute for Soil and Fertilizer for encouragements in academic duration.

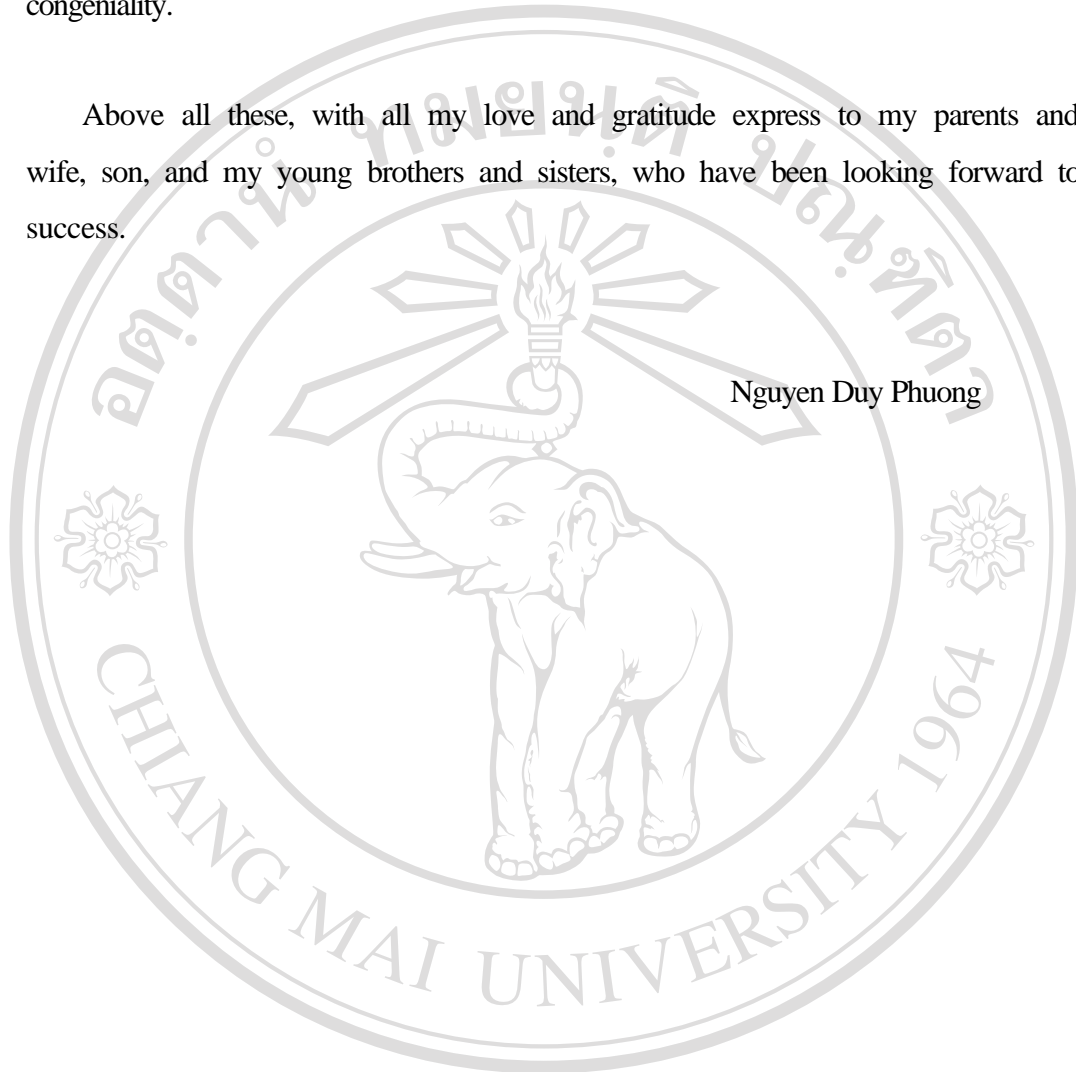

I am especially thankful to Dr. Tran Dinh Thao, Dr. Nguyen The Hung, Mr. Phan Van Huong, Mr. Vu Hung, Mss. Nguyen Thi Ngoc Mai, and all of colleagues in Department of Land Use Research and Social Support Program in NISF, whose willingness, patience and sincerity in working with me as well as providing valuable information made this study successful.

Thanks are also extended to all my teachers, staff members of AGS program, especially Dr. Methi Ekasingh, Dr. Benchaphun Ekasingh, Dr. Sunthon Buranawiriyakul, Dr. Attachai Jintrawet, Dr. Tavachai Radanachaless, Dr. Kamol Ngamsomsuke, Dr. Aree Wiboonpongse, Khun Om, Mr. Benz who provided various

forms of help. I am very grateful to all my friends: Mr. Bui Tuan, Mr. Sy, Mr. Khoi, Mr. Giam, Mr. Att and all other classmates for their helpful assistance and congeniality.

Above all these, with all my love and gratitude express to my parents and my wife, son, and my young brothers and sisters, who have been looking forward to my success.

Nguyen Duy Phuong
