## Acknowledgements

I wish to express my sincere gratitude and deepest appreciation to my advisor, Dr. Kamol Ngamsomsuke, for his valuable advice, guidance encouragement and support my thesis. This thesis would not have been completed, without his kind assistance and insightful supervision. I am greatly indebted to him.

Grateful appreciation, gratitude and respects are also expressed to Assoc. Prof. Dr. Pichit Thani, Asst. Prof. Dr. Sakda Jongkaewwattana and Mr. Anan Polvatana, thesis committee members, for their advice and comments on my thesis.

Special regards and grateful thanks are also extended to all the faculty members of Agricultural Systems Program for imparting their precious academic knowledge and experiences. Everything which obtains from this program is superlatively usefulness. It is also a pleasure to thank the administrative staff of the Multiple Cropping Center (MCC) for their help and warm hospitality.

And finally, special recognition is due to my friends who outstandingly assist me and give willpower including the farmers who spared the time for answering the questions patiently.
