## ACKNOWLEDGEMENTS

The author, wish to express my sincere gratitude and appreciation to Assist. Prof. Dr. Songyot Anuchapreeda, thesis advisor, for his excellent guidance, continuous suggestions and many encouragements throughout this study. This thesis would not have been completed without his support.

I wish to thank to Assist. Prof. Dr. Chadarat Ampasavate, who provided me with pure xanthone and mangostin.

I am also grateful to Dr. Nutjeera Intassai, Dr. Tanyarat Jomgeow and Dr. Akamon Tapprom, examination committee members, for their valuable suggestions and corrections on this thesis.

I wish to express specially thank to Miss. Suwanna Semsri and Mr. Singkome Tima. This thesis would not have been completed without their kindness.

I also need to express special acknowledgement to the National Research Council of Thailand (NRC) and The Thailand Government Budget for their supports.

Mongkon Srikamchoom
