## ACKNOWLEDGEMENT

I wish to express my gratitude to my advisor, Assistant Professor Dhirawat Jotikasthira, for his advice.

I also appreciate the assistance of Assistant Professor Aunnop Koonphandh and Associate Professor Dr. Tay Chiengchee of the Educational Measurement and Education Department, Faculty of Education, for his statistical and computer advice.

I would like to thank Dr. Somchai Dingtaweesub for giving me the protractor (CCKL CREATOR, U.S.PAT.4,766,675) and his advice.

This study would not be successful without cephalograms and impression models that have been collected by the staffs of the Orthodontic Department, Faculty of Dentistry, Chiang Mai University.

Finally, special thanks are due to all of the staff members of the Orthodontic Department, Faculty of Dentistry, Chiang Mai University for their helpful suggestions in this study.

Pikul Titikulang
